Project Summary: The Solano County Local Enforcement Agency's goal is to protect public health and environment by ensuring solid waste facilities are compliant with state minimum standards. To accomplish this goal, it is important to have professional staff in the program. The funds from this grant will be used by the LEA to offset the personnel costs of Environmental Health Specialists in the LEA program that are responsible for performing solid waste facility permitting and/or inspection duties. Grant funds may also be used to offset the personnel cost of a civil engineer in the Public Works Division or Geologist in Environmental Health Services Division when directly assisting the LEA by performing permitting, inspection, or review activity related to solid waste facilities that requires civil engineering or certified engineering geologist review.
